LAZZARONI KILLED IN RACE RIOT

Father of Mrs. John Pacini
of This Place Was Stabbed
by Negro Mob

HAD CHAIN OF FRUIT STORES

Mrs. John Pacini of this village, received a message Tuesday bearing the sad news of the death of her father Miro Lazzaroni, who had fallen a victim of a mob in Chicago Monday evening.

Mrs. Lazzaroni stated that her father was a well-known fruit store owner in Chicago, and was a member of the Italian community. He was a man of great character and was highly respected by all who knew him.

The rioters were driven away from the body and were held back only after the officers had drawn their revolvers. When the ambulance had arrived, the negroes threatened to storm that conveyance and the driver of the machine carrying the body of the murdered man was held up many times before getting away from the district.

Lazzaroni had anticipated no trouble in going into the district as he had been dealing with the negroes for a long time and had always been on most friendly terms with them.

The murdered man owned a chain of fruit stores in Chicago, North Chicago and Waukegan. One son conducts a fruit store in Kenosha. Last summer one of the sons conducted an ice cream parlor in Antioch which he later sold to Mrs. Eck.

The Pacini family have been residents of Antioch for some time and their many friends here sympathize with them in their trouble.

Barbers Raise Price of Hair Cut and Shave

The price of a shave and a hair cut, has moved upward once more, in several villages in Lake county, not including Antioch. The prices in Waukegan were recently raised to 25 for a shave and 50 for a hair cut, and the shops at Fox Lake soon adopted the same price, the other places in the county still hung to their old price until last week when the shops at Libertyville, Grayslake, Lake Villa, Wauconda, Lake Zurich, Area, Barrington and Round Lake raised to 20 for a shave and 40 for a hair cut. The Antioch shops have not as yet gone in on the raise.

St. Ignatius Church Bazaar and Dance

The ladies of St. Ignatius church will hold their fourth annual bazaar in the Antioch opera house, Wednesday, Aug. 13, sale starting at 10:30 a. m.

There will be all kinds of fancy work, a baby booth including everything for His Majesty the Baby; fish pond, novelty booths, the ever popular home baking booth and many other attractions. There will be an entertainment in the evening, followed by a dance. McCormick's orchestra furnishing the music. The usual good time is assured all who attend.

Additional Locals

Floyd Horton who is among the wounded soldiers now stationed at Ft. Sheridan has been home on a five days furlough, which began on Friday last and ended on Tuesday of this week.

The Ladies Aid bazaar and supper which was held in the basement of the M. E. church last Saturday afternoon and evening was an unusually successful affair. A large crowd was in attendance and the display of beautiful hand made articles found ready sale. The sum of five hundred and twenty dollars was taken in.

Young Couple Spring Surprise on Friends

William Davis and Miss Zella Rea, sprung quite a surprise on their relatives and friends on Saturday of last week when they quietly slipped away to Chicago, and were joined in the holy bonds of matrimony.

In the afternoon the young couple sent a telegram to relatives here telling of their marriage which had already taken place and that was the first any one knew of their intentions. The groom, is the only son of Mrs. Margaret Davis, of this village, and has only recently returned from France. The bride is the eldest daughter of Dave Rea of Billings, Mont., and has been visiting relatives here for the past several weeks.

The bridal couple returned home on Sunday evening and in order to avoid a reception at the station they left the train at Lake Villa and came the rest of the way by taxi. This dodge was however of no avail when they arrived at the home of the groom's mother, as they found a number of relatives waiting to greet them with rice.

The bride and groom were married by Rev. J. J. O'Connell.

Illinois Not all, Board Finds

That taxation laws in Illinois are inadequate was the opinion of every man present at a general meeting of members of the boards of review and county officials at Woodstock Friday afternoon.

Four counties, Kane, McHenry, Winnebago and Lake were represented at the meeting. Every member of the Lake county board was present.

One of the features of the meeting was the adoption of a resolution, suggested by Edward Peterson of the Kane county board of review, to elect a delegate from each board in the state to attend a convention, time and place to be decided upon, where delegates can get together on tax matters. There are 102 boards of review in Illinois.

The matter of attempting to secure uniformity in the assessment on farm lands was discussed, which resulted in the suggestion that the law be amended to allow the appointment of a township tax assessor. It was pointed out that in some parts of the county taxes are assessed \$494 and in other places only \$110. It is a like situation in the assessment of taxes on other property from hogs to sewing machines.

City taxes, are nearly uniform and need no change, members of the board of review stated.

Crack Shots of Lake County Seek National Honors

A number of Lake county crack shots are preparing to attend and participate in the Twentieth Grand American Handicap Trapshooting tournament which will be held on the grounds of the South Shore Country club, Chicago, from August 11, to 15, under the auspices of the American Trap Shooting association. The tournament promises to eclipse anything of a similar nature ever held before and a number of valuable trophies as well as prizes of from \$100 to \$500 will be awarded.

Among the Lake county boys who have signified their intention of taking part are the following: Jay R. and Edward S. Graham, the world-renowned shots of Ingleside, and their brothers Representative Thomas E. Graham and Patrick Graham of the same place; William V. Jackson and Frank Stanton Ingleside; Harry Dunnill, of Fox Lake; W. E. McCormick and Geo. Lawrence, Libertyville.

Odd Fellows Entertain Saturday Evening

The Lake County Independent Order of Odd Fellows, held a big meeting in the Woodman hall in this village last Saturday evening. The crowd numbered about one hundred and fifty, over a hundred guests being present.

A very interesting program was rendered. Mr. Heydecker, Mr. Hawthorn and Dr. Nesbitt of Waukegan being the principle speakers.

At the conclusion of the program light refreshments were served and all present spent a most enjoyable evening.

Wm. Davis, who returned home from overseas service in June, recently received a citation for bravery in action. This morning he received a copy of the official citation orders containing the names of the officers and enlisted men of the A. E. F. who have received citation and are entitled to wear a silver star on the ribbon of their Victory medals. On page sixty-one appears the following paragraph "Cpl. Wm. H. Davis, Co. E. 108th Eng. For gallantry in action at Brabant, France, 7 October, 1918, in building a bridge across the Meuse river under heavy shell and machine gun fire."

NORTH SHORE CAR MEN MAY STRIKE

Street Car Employees to Aid
Chicago Workmen Win
If Necessary

SITUATION IS NOW SERIOUS

Waukegan and North Shore street car men held a meeting Wednesday night at Highwood to discuss whether to strike and follow the action of the Chicago surface and elevated car men and they decided "cannot win without a strike."

Waukegan and North Shore car men are affiliated with the Chicago workmen and intend to stand by their fellow carmen, and if their co-operation is needed to win their demands, they will go out in sympathy.

The situation became more grave when it was learned that the Aurora, Elgin and Chicago electric line, carrying 15,000 passengers daily into Chicago from suburbs as far west as Fox River, was completely tied up by a walkout of motormen, conductors, linemen and shopmen, and the city car lines in Elgin and Aurora, the interurban lines between Aurora and Elgin, Aurora and Yorkville, and Elgin and Carpentersville also being included in the tie-up.

If the service on the North Shore is not tied up within the next few days, it will be a near miracle. The deadlock in Chicago will have to be broken within a short time, or a walkout on the North Shore will undoubtedly result.

"The Chicago carmen have got to win," declared a North Shore union employee, "and if it necessary we will go out." That was decided at the Highwood meeting.

More Street Oil Has Been Ordered

In last week's issue we set forth the exact condition in regard to a second oiling of the street. In answer to the call a subscription was at once started and a number of donors were printed asking the public to assist, and the same were distributed last Saturday. This method has brought in a certain amount of donations but not quite enough.

However feeling sure that the needed funds would be forth coming, a six thousand gallon car, has already been ordered from the Standard Oil company at a cost of five cents per gallon f. o. b. Antioch and it is expected to arrive within the next few days.

At this time of the year it is impossible for the officers of the Commercial association to get out and personally talk to everyone, so once more through the columns of the News, they are asking every public spirited citizen to come forward with a small donation for the oil fund. These donations may be left at King's drug store at any time of the day or evening, or handed to the secretary of the Commercial association.

Since the first car of oil was ordered the price of road oil has declined about 1 cent per gallon, it is therefore possible to purchase now at a considerable lower figure than formerly.

Nation Faces Greatest Crop Loss in Years

With a loss in wheat crop prospect of possibly 300,000,000 bushels from early prediction and 10,000,000 bushels or more in oats, the nation faces the greatest crop loss in years. Losses in Kansas, where 100,000,000 bushels, 100,000,000 bushels, 100,000,000 bushels in a month's time, state reports issued Saturday, the greatest reduction in the early prospects for Kansas, the north losses are sensational.

It will be no surprise if the returns on all wheat are 100,000 bushels, or about 100,000 bushels, make it easier for the farmer to handle the crop, and the nation felt as to the outcome.

Conditions abroad are such that estimates on the requirements for Europe's requirements for wheat, which can be supplied without hardship by the leading countries, as a whole, have been changed to a return to low values is not to be expected until there is an excess of production and the cost of the latter is greatly decreased.

With speculation in farm lands, and high cost of labor, and everything the producers have to buy, there is no prospect of a low value.

Holy Name Meeting in Waukegan Aug. 3

The success of the regular Holy Name meetings for Lake county will be reflected in the large crowd of Catholic farmers and local business men that are expected to attend the first of these meetings at Waukegan on Sunday, August 3, in the new Knights of Columbus hall. The meeting will be started promptly at 2:30 and will be over by five o'clock.

Many Catholic men in all parts of the county have expressed an interest in these meetings and a willingness to do their part in making a success of the Holy Name work. With this strong backing Bishop A. J. McGavick, Spiritual Director of the Archdiocese of Chicago feels confident that success will crown his efforts in striving to extend the Holy Name activities to every parish in this county.

All Catholic men are urged to attend this meeting as it is for their benefit as well as for the Holy Name men. A large delegation of Holy Name men will accompany Bishop McGavick from Chicago.

Stove Foundry Proposition Is Again Revived

What has become of the stove foundry proposition which was announced as a "sure thing" for Antioch a few months ago? We are informed from a reliable source that this deal has been taken up once more with renewed vigor and that a foundry employing from forty to fifty workmen will be located here if the citizens of the village show the spirit of co-operation. It is promised that we will hear more about this in the near future.

Optimistic Thought.
There is naught in this wide world like sympathy

Plans Are Made For Homecoming Celebration

There was only a small number out to the meeting Tuesday evening, called for the purpose of planning a home coming for the returned soldiers. But those who were present were very enthusiastic and undertook to carry the project through.

The date was set for Thursday, Aug. 28. A program which will consist of music, speeches, etc. will begin about two o'clock and about five thirty or six a supper will be served. Everything will be furnished free to the soldiers who are the guests of honor, but others partaking of the supper will be charged twenty-five cents each. There will be a dance in the opera house in the evening, which will be free for everyone.

Several committees were appointed and have already begun their work, but as there is much to be done to make this a complete success, it is proposed to hold another meeting in the village hall Monday evening, Aug. 4, at 7:30 o'clock to complete arrangements.

It is earnestly desired to have a large turnout at this meeting and those in charge invite everyone interested in the boys return to come to the village hall next Monday evening.

Clever Willie.
Glancing hastily over the pages of Willie Johnson's examination papers, the teacher was delighted to see that not one of the questions remained unanswered. But upon a more careful scrutiny her pride took a tumble. After nine of the twelve questions Willie had written politely, "I am sorry that this is a subject on which I have no information."

French Patriot's Letter.

A remarkable story of the patriotism and devotion shown by a French-American family is related in the Petit Nicos, the continental edition of the London Mail states.

At the outbreak of war a Frenchman named Calles, forty-four years old, who kept a drug store in Los Angeles, Cal., left his wife, daughter and two sons to come over and fight for his native country. He was mortally wounded before Verdun in January, 1915, but before dying had the following cablegram sent to his wife: "I die facing the enemy. Let our two sons come out and take my place in the ranks. Adieu."

On receipt of this cablegram the two sons, Joseph and George, joined up and in due course arrived in France. Joseph was killed in 1917, not far from the place where his father met his death. He was thirty-four and was also a druggist.

George Calles went through much fighting without a wound until at ten o'clock on the morning of November 11, just before the armistice, he was badly gassed. He recovered and has been in convalescence at Nice pending his departure for his California home to resume his legal studies.

Contribution of Jimmy.

Jimmy is seven and he's "smart" for his age. Even his mother admits it. She fears he'll be whirled up some day in a pillar of fire or something. Others who know Jimmy well doubt the pillar of fire business. His father the other day caught him smoking a cigarette and whipped him soundly. Jimmy cried loudly and attracted the attention of a neighbor, a man chum of the lad, who, seeking to comfort the boy, said: "Jimmy, of course it was very wrong of you to smoke a cigarette, and your papa whipped you not to hurt you but to show you how wrong it was. Stop crying now and your hurt will soon be over."

"I ain't cryin' 'cause I was licked," said the child as he gazed through the tears, "but when papa grabbed me I swallowed my cigarette, and it was the last one I had."—Exchange.

A Wonderful World.

"Don't talk to me about the wonders of past ages," said Uncle Joe Cannon. "The world today is far more wonderful than ever before. Just think: It took Columbus as many months as it now takes days to cross the ocean, and we talk about flying and travelling a mile a minute as though they were nothing."

"Why, the other day I dropped into a country school just in time to hear the teacher ask:

"Johnny, into what two great classes is the human race divided?" And Johnny answered promptly:

"Motorists and pedestrians."

"That's what I call progress. After awhile there won't be any pedestrians."
